

Practise  
and  
consider

Use dienes to solve these equations

$15 - 5 =$

$19 - 3 =$

$12 - 1 =$

$18 - 4 =$

Use the pictures to help you solve these equations.

Independent

$13 - 2 =$

$17 - 7 =$

$18 - 6 =$

$15 - 0 =$

$14 - 2 =$

$19 - 5 =$

Deepening

Solve these equations by drawing the tens and ones.

Look at the WAGOLL for how to lay out in book.

16 - 2 =

12 - 1 =

19 - 7 =

15 - 5 =

1	5	-	4	=	1	1
	/			=		.
	/					
	/					
	/					
	.					

Using 1 ten and 10 ones. How many different equations can you write?
