

Year two calculation methods. We encourage children to use whichever method they feel most comfortable with.

### Subtraction

$$26 - 15 = 11$$

Drawing method

Written method

$$\begin{aligned} 26 - 15 &= \\ 26 - 10 &= 16 \\ 16 - 5 &= 11 \end{aligned}$$

with.

### Addition

$$21 + 14 = 35$$

Drawing method

Written method

$$\begin{aligned} 21 + 14 &= \\ 21 + 10 &= 31 \\ 31 + 4 &= 35 \end{aligned}$$

### Fractions

$$1/4 \text{ of } 12 = 3$$

$$2/3 \text{ of } 15 = 10$$

### Division

$$20 \div 4 = 5$$

Sharing

### Multiplication

$$3 \times 5 = 15$$

Array

Repeated addition

$$5 + 5 + 5$$
