

I Want To Feel Important

Grumble Bee

- 1 I want to feel important,
But all I do is work,
It's all the same, every day,
Every hour in every way.
I want to feel important,
But here we go again,
I should be more important,
But my hopes are all in vain.

- 2 I think that finding nectar
Is such a boring thing,
With all the work that we do,
What's the point? Give me a clue!
I want to feel important,
But it will never be,
Because I'm just a silly little
Buzzy honeybee.

Other bees

- 3 She just wants to be famous,
It's what she likes to dream,
So she can say to everyone,
'Look what this fine bee has done!'
We want to make her happy
And wish that she could see
That she is special all the time,
She is a special bee.
