

WALT: identify that most living things live in habitats and are adapted to suit their environment. 14.10.21

Success Criteria:

- I understand what a habitat is.
- I can identify different types of habitats.
- I can match animals to the habitats that they are suited to.

Deepening: I can write a sentence to explain why an animal is suited to their habitat.

Match the picture of the habitat to the picture of the animal you would find there?

Independent task

Choose one of the animals above and write one sentence to explain why that animal is suited to their habitat.

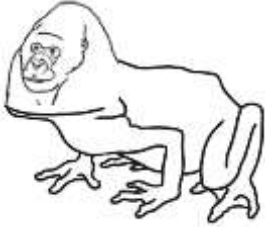

Deepening

Choose one of the animal mash ups below - which habitat would you put them in?

Deepening

Write a sentence to explain your answer.

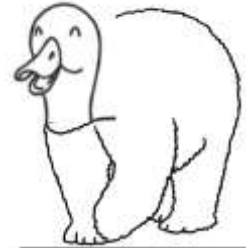

A "frogilla"

A "squirmel"

A "poluck"

Handwriting practice lines consisting of alternating blue and red horizontal lines.
