

Open the envelope on your tables!

Engage
(max 5 mins)

Can you put the picture back together and work out what it shows?

When you have put it back together - stick it down onto an A3 sheet.

WALT: use aerial maps to recognise basic features and key symbols

Success Criteria

- I can look at different aerial photographs and discuss the perspective shown.
- I can identify and understand basic map symbols
- I can create a map using basic map symbols.

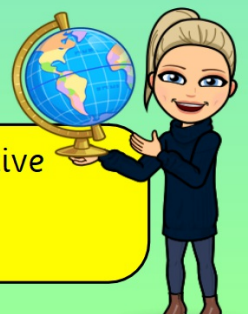

Deepen - I can create a key for my map.

What is this an aerial photograph of?

Introduce
(5 mins)

Do you recognise any landmarks?

What is this an aerial photograph of?

Introduce
(5 mins)

Do you recognise any landmarks?

Why do we use aerial photographs?

Introduce

Aerial photographs are useful to help us identify landmarks that we could not see as easily from the ground.

Let's label the aerial photograph of the school with the key landmarks below!

car park

infant school

junior school

reception

playground

Just like aerial photographs, an aerial map is a good way of showing key landmarks in an area.

Introduce

Maps are covered in symbols to show the different landmarks.

Why do you think maps use symbols?

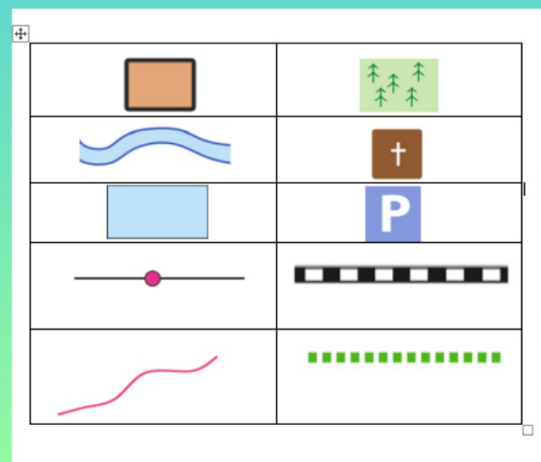

(***HINT*** - **think about our learning about symbols in RE!**)

Symbols are an easy way to represent something that everyone can understand!

In your table groups, can you match the symbol picture to the correct label?

Practise
and
consider

building	trees
river	Place of Worship
water	parking
train station	single railway track
Main road	footpath

Sometimes a group of letters are used on symbols as well to show specific landmarks.

Going Deeper

What do you think these symbols mean?

Sch

School

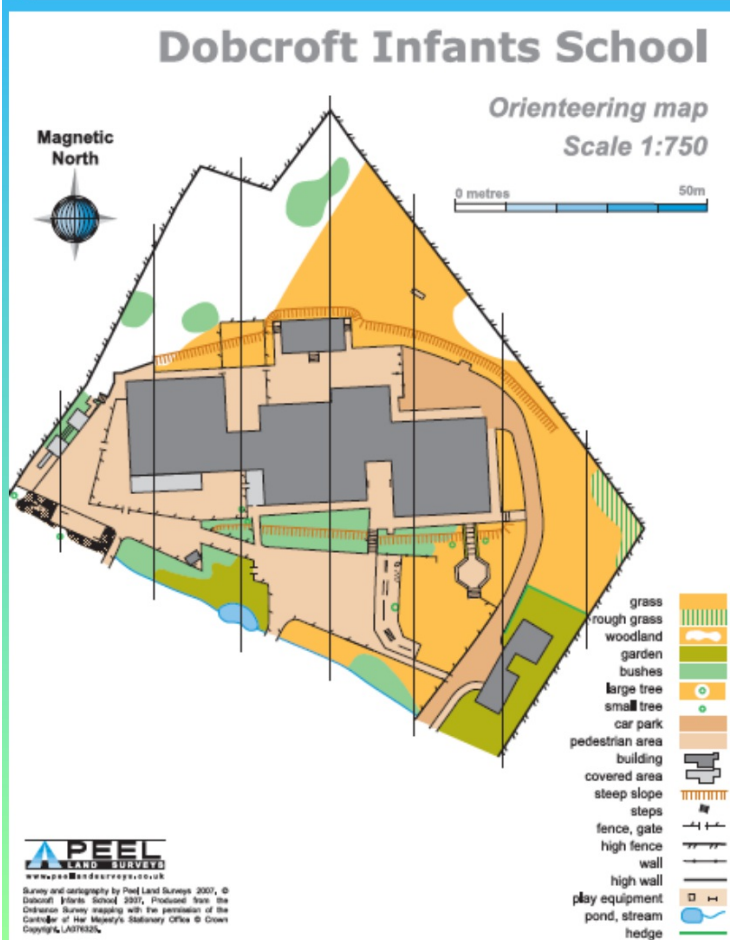

PO

Post
Office

On an aerial map, a key is used to explain what each symbol means.

Going Deeper

Can you match the symbols on this map to the symbols on the key?

In pairs, you are going to create an aerial map to match this aerial photograph of Dobcroft School.

Independent
task

1. Cut and stick / draw the symbols you need onto your A3 sheet in the correct place.

Create a key for your aerial map of Dobcroft school to show what each symbol that you have used means.
