Science home Learning- Parts of a plant:

Watch this video, then can you make the plant underneath and then as a challenge see if you can label the parts on these plants.

<https://www.bbc.co.uk/bitesize/topics/zpxnyrd/articles/z3wpsbk>

Google search – BBC bitesize, ks1 parts of a plant if you cannot follow the link.

Cut out the parts below and paste them on the sheet to make a flower.

Use different materials such as playdough, ribbon, tissue paper, pipe cleaners (whatever you have at home) to make a plant.

Challenge: can you label it with the different parts of the plant that we have learned about?

Examples:
