

SCIENCE 25.1.21

PRACTICAL ACTIVITY – YOU DO NOT NEED TO STICK THIS IN

Cut out the pictures below and arrange them into as many different food chains as you can. Your food chain can have 3, 4 or 5 stages to it.

When you make each food chain, add arrows to show the direction of transfer of energy, and label each stage correctly as either a **producer**, **consumer** or **predator**.

Consider & Practise
